DETAILED ACTION

Allowable Subject Matter

1. Claims 4, 11, and 12 are allowed.
2. The following is an examiner's statement of reasons for allowance: Regarding claim 4, Newhall (US#1179449) in view of Karitzky (US#1374924) disclose all of the limitations except for the base portion of the anchor section having an elongated portion with a threaded hole formed therein for engagement with the threaded shaft as claimed in detail. Although Place (US#2144895) discloses an anchor section 2 having an elongated portion 6 with a threaded hole 4 formed therein for engagement with the threaded shaft 22, there is no motivation to further modify Newhall in view of the teachings of Place. Moreover, as accurately argued by the applicant, the Newhall toggle bolt is not intended to be attached to the anchor section 2 as Newhall allows for either the attachment ring 5 or head 4 of the threaded shaft to engage the face of article 11.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
